

2024 Entry Requirements

Introduction

BOMA Canada is excited to announce the launch of the BOMA BEST Spotlight Award. An award designed to recognize exemplary sustainable practices and operational excellence for buildings enrolled in the BOMA BEST Sustainable Program. It will celebrate a team's commitment to a single building that tells a unique sustainability story. The focus will be on the team/building's commitment to environmental stewardship and community engagement.

Objective

The primary objective of the BOMA BEST Spotlight Award is to showcase and acknowledge innovative achievements in sustainability within the BOMA BEST Sustainability program. By highlighting best practices and innovative approaches, this award aims to inspire others to adopt similar strategies, ultimately contributing to a more sustainable built environment.

Award Details

- **Submission Period:** The call for submissions will commence in early April, with the deadline set for July 22nd, 2024.
- **Judging Panel:** The judging panel for the BOMA BEST Portfolio Spotlight Award will be comprised of the BOMA BEST Technical Team, ensuring expertise and credibility in evaluating sustainability initiatives.
- **Submission Process:** Applicants will be required to submit their entries through Jotform, providing comprehensive insights into their sustainable journey and achievements.

- **Eligibility:** This is a single building award. To be eligible for consideration, a building must hold a valid and current BOMA BEST Sustainable Certification. Any level of certification is welcome to apply. Buildings must be located in Canada.
- **Entry Fee:** An entry fee of \$250.00 is applicable per submission.
- **Criteria:** Evaluation criteria will include the applicant's sustainable journey, impact of BOMA BEST certification, efforts towards sustainability, achievements, and collaborative endeavors within their teams.
- **Recognition:** Winners of the BOMA BEST Sustainable Spotlight Award will receive a trophy presented during the National Awards Gala at BOMEX annually. They will be notified in advance and invited to attend the gala (travel expenses not included). Additionally, winners may be featured in post-event editorial, marketing initiatives and be highlighted in the 2025 National Green Building Report.
